Feedback Analysis Report

Academic Year: 2021-22

B.Sc. (Hons.) Chemistry

Date: 28/04/2022

Feedback has been collected from stakeholders on the curriculum in order to improve curriculum to meet the requirement of Industry, Academic and society. The committee proposed the following recommendations on the basis of feedback and suggestions received:

S.NO.	Recommendations
1.	Most of the faculties seemed to be satisfied with the course curriculum and only few changes in the syllabus were recommended.
2	Changes in few topics were recommended by faculty members in Environmental Science (TBHC-204)
3	The Course curriculum of Fundamentals of Computer and Concept of Programming to be modified to meet current need of the technology & Society.
4	The course curriculum of English Communication needs to be upgraded to improve the technical writing skills.
5	Introduction of new value added course.
6	Introduction of Summer internship

Submitted to dean for necessary action

Action Taken Report
Academic Year: 2021-22
B.Sc.(Hons.) Chemistry

Date:25/05/22

As per recommendation of Stake holders, the following action were taken to resolve the suggestions made by the stake holders.

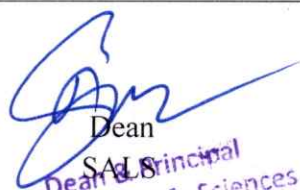

Action Taken

S. No.	Recommendations	Action Taken
2	Changes in few topics were recommended by faculty members in Environment Science (TBHC-204)	Changes were made in the curriculum of Environmental Science
3	The Course curriculum of Fundamentals of Computer and Concept of Programming to be modified to meet current need of the technology & Society.	A advanced courses related to computers like "Basics of Artificial intelligence", "Introduction to object oriented programming using python" to be introduced in curriculum.
4	The course curriculum of English Communication needs to be upgraded to improve the technical writing skills.	Revision in concerned course have been done to improve the technical writing.
5	Introduction of new value added course.	A one value added course "Heritages of Uttarakhand" has been incorporated
6	Introduction of topics related to gender sensitization to be included in the course Human Ethics and Professional Values (TBHC-205)	summer internship as per NEP-2020 to be incorporated as the compulsory part of program.

(Student Feedback Analysis)

The course and its content are created in response to input received from students as well as from teachers who are instructing the course. Feedback was solicited from all students enrolled in the course as well as from the faculty members who were delivering the course. In addition, development and adjustments are guided by the same parameters that were used for feedback. The course content was considered to be satisfactory by the vast majority of students who took part in the survey.

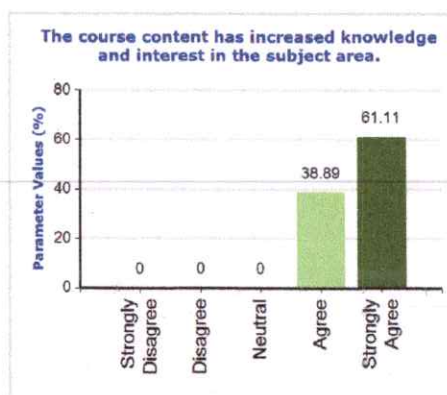

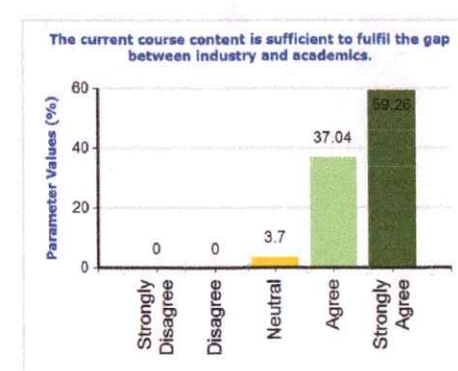

The students suggested no major changes in the curriculum and almost all the students were happy with the course content. Majority of the students rated the curriculum as good and agreed with most of the parameters of the feedback. The feedback was based on parameters such as relevance of course, its content, justification etc.

Academic Session: 2021-22

(Faculty Feedback Analysis)

The majority of faculty members expressed satisfaction with the course material and did not recommend any significant modifications to the syllabus. All the faculty members teaching at undergraduate's level were found to be strongly in favor of no modifications to the syllabus. All the faculties were satisfied with the syllabus and expressed no major modification in the course curriculum.

The faculties rated the curriculum based on different parameters based on the sequence of course, uniformity of syllabus, learning values, assigned lectures, scope of relevant activities among others.

(Alumni Feedback Analysis)

Alumni give their valuable feedback on the curriculum as per industry requirement. The feedback given by alumni was very satisfactory. Alumni are in agreement that curriculum is sufficient to build the opportunities in terms of employability, higher learning and entrepreneurial attitude. Research work or project work offered under the program were challenging and constructive.

Sufficient training program, seminar and value added course provide overall development. Majority of alumni give positive feedback on all aspect of curriculum.
